

Help ONC Improve Transparency in the Certified Health IT Market!

ONC has contracted with the Urban Institute and its subcontractor, HealthTech Solutions, to obtain stakeholder input on how to develop the EHR Reporting Program through public open forums across the country. Input from people like you will help determine:

- What information should developers of certified health IT report? What information from users could be made available?
- How that information is collected
- How this information will be disseminated to the public (for example, would you prefer a product comparison website, data in a spreadsheet, or something else?)

In the 21st Century Cures Act of 2016, Congress directed the US Department of Health and Human Services (HHS) to establish a new EHR Reporting Program, which the Office of the National Coordinator for Health IT (ONC) is currently developing. The goal of this program is to provide publicly-available, comparative information about certified health IT features related to security, usability, interoperability, conformance to certification testing, and other areas in order to improve transparency of the market.

Stop by to provide input at an upcoming public open forum on [the new EHR Reporting Program](#), which will provide publicly-available, no-cost, comparative information on certified health IT available on the market. Please note that the open forums are scheduled for two hours, but feel free to drop-in when you're available. We are also providing a link for regional stakeholders to participate in the open forums virtually.

Monday June 10th, 2019

Focus: Long-Term and Post-Acute Care (LTPAC)
Time: 9 – 11 AM AZ Time (MST)
Location: Maricopa Integrated Health System (MIHS), Auditorium 1

Parking instructions for on-site attendees (all sessions): MIHS Lot A (Restricted Staff Parking)
MIHS Lot A can be accessed from 27th Street just off of E. Roosevelt (see [map](#)). The gate code for the day of this meeting is **2595#** (you must have it to gain access). Once inside Lot A, please park in the Administration Reserved Parking located to the left of the exit along the fence line or in any unreserved parking space. Enter the east side of the Admin/Auditorium Building and you will be met in the hall just inside that door. Additional parking is also available in Lot B and Lot D (Visitor & Staff Parking). If you have any issues with getting in the gate or the building, please call Stacy Westbrook at 602.344.5522.
