We will be using **Poll Everywhere** throughout the presentation for attendees to participate in live polling and see the results.

Please follow the instructions below so you can participate in the live polls by activating your mobile device or computer.

**How to join**

**Web**

1. Go to [PollEv.com](http://PollEv.com)
2. Enter `EOPROGRAM753`
3. Respond to activity

**Text**

1. Text `EOPROGRAM753` to `22333`
2. Text in your message
What is your favorite kind of ice cream?
Open Forum for Meaningful Use

Focus: Security Risk Analysis and Public Health and Clinical Data Registry Reporting

May 2021
## Changes from PY 2020 to 2021

</tr>
</tbody>
</table>
Meaningful Use (MU) Requirements*

- All Eligible Professionals (EPs) are required to attest to Stage 3 of MU for PY 2021.
- All EPs must have 2015 Edition CEHRT implemented.
- 8 objectives and their related measures must be met.
  - 5 objectives are percentage-based measures
  - 3 objectives are yes/no measures
- If exclusions are selected, must meet exclusion criteria.
- Must report on minimum required number and type of eCQMs.
- Must maintain at least 80% of all unique patients’ data in CEHRT.
- Must perform at least 50% of all encounters at locations with CEHRT.

*In addition to meeting the MU requirements listed above, the EP must meet all eligibility requirements of the program. To learn about those eligibility requirements use the following link: Documentation Retention.

*Additional documentation may be needed if exclusion is claimed.

**For more detailed information, access the webinar by clicking on the appropriate link above, and then click the drop down arrow labeled “Webinars for MU Objectives & eCQMs”. To access the FAQ click on the link above, then click on the drop down arrow labeled "Frequently Asked Questions".
Objective 1: Security Risk Analysis

• **Objective**: Protect electronic protected health information (e-PHI) created or maintained by the CEHRT through the implementation of appropriate technical, administrative, and physical safeguards.

• **Measure**: Conduct or review a SRA in accordance with the requirements under 45 CFR 164.308(a)(1), including addressing the security (including encryption) of data created or maintained by CEHRT in accordance with requirements under 45 CFR 164.312(a)(2)(iv) and 45 CFR 164.306(d)(3), implement security updates as necessary, and correct identified security deficiencies as part of the provider’s risk management process.

• **Exclusion**: None
Objective 2: Electronic Prescribing (eRx)

- **Objective:** Generate and transmit permissible prescriptions electronically.
- **Measure:** More than 60 percent of all permissible prescriptions written by the EP are queried for a drug formulary and transmitted electronically using a CEHRT.
Objective 3: Clinical Decision Support

- **Objective:** Implement clinical decision support (CDS) interventions focused on improving performance on high-priority health conditions.
- An EP must satisfy both measures for this objective through a combination of meeting the thresholds and exclusions.
Objective 4: Computerized Provider Order Entry (CPOE)

**Objective:** Use CPOE for medication, laboratory, and diagnostic imaging orders directly entered by any licensed healthcare professional, credentialed medical assistant, or a medical staff member credentialed to and performing the equivalent duties of a credentialed medical assistant, who can enter orders into the medical record per state, local, and professional guidelines.
Objective 5: Patient Electronic Access (PEA)

• **Objective:** The EP provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.

• This objective has two measures.

• An EP must satisfy both measures for this objective through a combination of meeting the thresholds and exclusions for each measure.
Objective 6: Coordination of Care through Patient Engagement

- **Objective:** Use CEHRT to engage with patients or their authorized representatives about the patient’s care.
- An EP must meet the minimum threshold for 2 of the 3 measures or meet 1 of the 2 available exclusions.
- The exclusions for all three measures are the same. If the EP meets one of the exclusions, the EP can meet the exclusion for all three measures.
Objective 7: Health Information Exchange

• **Objective:** The EP provides a summary of care record when transitioning or referring their patient to another setting of care, receives or retrieves a summary of care record upon the receipt of a transition or referral or upon the first patient encounter with a new patient, and incorporates summary of care information from other providers into their electronic health record (EHR) using the functions of a CEHRT.

• An EP must attest to all three measures and meet the minimum threshold for two of the three measures.
Public Health and Clinical Data Registry Reporting

• **Objective:** The eligible professional (EP) is in active engagement with a public health agency (PHA) or clinical data registry (CDR) to submit electronic public health data in a meaningful way using certified electronic health record technology (CEHRT), except where prohibited, and in accordance with applicable law and practice.

• **Measures:** An EP must satisfy 2 of the 5 measures for this objective.
  - If the EP cannot satisfy at least two measures, the EP may still meet the objective if the EP qualifies for exclusions from all measures the EP cannot meet.
## Available Registries in Arizona

<table>

<td>CMS-Approved Quality Clinical Data Reporting Registries for 2021</td>
</tr>
</tbody>
</table>

*EPs must be actively engaged to exchange data bi-directionally to meet the measure

**EPs may choose to report on up to 2 registries & count each registry towards the 2 measures required by the objective.

***Available to EPs with below specialties who diagnose and treat >100 cancer cases per year.

[Specialties List includes: dermatologists, gastroenterologists, hematologists, medical oncologists, radiation oncologists, surgeons & urologists.]
What is an Electronic Clinical Quality Measure?

- Electronic clinical quality measures (eCQMs) use data electronically extracted from CEHRT and/or health information technology systems to measure the quality of health care provided. The Centers for Medicare & Medicaid Services (CMS) use eCQMs in a variety of quality reporting and value-based purchasing programs.

- Hospitals, professionals, and clinicians use eCQMs to provide feedback on their care systems and to help them identify opportunities for clinical quality improvement. eCQMs are also used in reporting to CMS, The Joint Commission, and commercial insurance payers in programs that reimburse providers based on quality reporting.
Definition of eCQM for PI Program

• EPs must attest to 6 out of 47 available eCQMs.
  o 6 outcome measures
  o 27 high priority measures
  o 14 remaining measures

• **Priority Level 1**: If relevant, at least one eCQM should be an outcome measure.
  o **Priority Level 2**: If no outcome measure is relevant, at least one eCQM should be a high priority measure.
    • **Priority Level 3**: If no outcome or high priority measures are relevant, report on relevant measures if possible.
General Polling Questions
1) Has 2015 certified electronic health record technology (CEHRT) been fully implemented at the practice?

- Yes
- No
- Unsure
- N/A
2) When do attestations for Program Year 2020 and Program Year 2021 close?

- July 31, 2021
- October 31, 2021
- December 31, 2021
- January 14, 2022
- Unsure
3) Have you already or do you plan to attest for Program Year 2020?

Yes
No
Unsure
N/A
4) Do you plan to attest for Program Year 2021?

- Yes
- No
- Unsure
- N/A
5) What is your biggest concern attesting to Program Year 2021?
6) What PI Program topics would you like to see more of?
7) Would you like to be contacted for further assistance?

- Yes
- No
- N/A
Polling Questions for Objective 1 – Protect Patient Health Information
8) Must the Program Year 2021 SRA be completed on or after the end of the PI reporting period?

- Yes
- No
- Unsure
9) What is the last date the SRA must be completed for Program Year 2021?

- October 31, 2021
- December 31, 2021
- January 14, 2022
- Unsure
10) What is the last date the EP must submit the SRA to AHCCCS for Program Year 2021?

<table>
<thead>
<tr>
<th>Option</th>
</tr>
</thead>
<tbody>
<tr>
<td>October 31, 2021</td>
</tr>
<tr>
<td>December 31, 2021</td>
</tr>
<tr>
<td>January 14, 2022</td>
</tr>
<tr>
<td>Unsure</td>
</tr>
</tbody>
</table>
11) What will happen if the EP does not submit the SRA by January 14, 2022?

- Nothing
- Automatic Rejection for Payment or full recoupment
- Unsure
12) When does your practice plan on completing your Program Year 2021 SRA?
13) If your practice recently started using telemedicine, did the practice update their SRA to include telemedicine being incorporated at the practice?

Yes
No
Unsure
N/A
Polling Questions for Objective 8 – Public Health and Clinical Data Registry Reporting
14) How many of the possible 5 measures under Public Health and Clinical Data Registry Reporting (objective 8) must an EP meet?

- 1 Measure
- 2 Measures
- 3 Measures
- All 5 Measures
- Unsure
15) Which measures below is the EP using to meet the requirements for the Public Health and Clinical Data Registry Reporting objective? (select all that apply)

Measure 1: Immunization Registry Reporting
Measure 2: Syndromic Surveillance Registry
Measure 3: Electronic Case Reporting Registry
Measure 4: Public Health Registry Reporting
Measure 5: Clinical Data Registry Reporting
16) Does the EP meet the Public Health and Clinical Data Registry Reporting (objective 8) requirements if the EP meets measure 1 (Immunization Registry Reporting) and an exclusion for measure 2 (Syndromic Surveillance Registry)?

- Yes
- No
- Unsure
- N/A
17) For the immunization registry reporting measure, is the EP submitting immunization data bi-directionally?

Yes
No
Unsure
N/A
18) For an EP who is submitting data to the immunization registry, does the EP need to reach out to Arizona State Immunization Information System (ASIIS) to start submitting data bi-directionally?

Yes
No
Unsure
N/A
19) Can an EP meet the exclusion for the Public Health Registry Reporting (objective 8, measure 4) if the EP does not see any cancer patients in the State of Arizona?
