About Health Current
a Contexture Organization

- Founded in 2007
- Arizona’s health information exchange (HIE), home of Arizona Healthcare Directives Registry (AzHDR) and social determinants of health (SDOH) referral system, CommunityCares
- Joined forces with Colorado-based CORHIO in 2021 to form regional organization, Contexture
DAP CYE 2023

- The purpose of this webinar is to clarify the health information exchange (HIE) requirements for eligible providers participating in the AHCCCS Differential Adjusted Payments (DAP) Contract Year End (CYE) 2023 Program.

- HIE Participation for AHCCCS Provider Types:
  - Behavioral Health Outpatient Clinics (Type 77)
  - Nursing Facilities (Type 22)

DAP Basics
What is DAP?

- DAP aims to distinguish providers that have committed to supporting designated actions that improve patients’ care experience, improve members’ health and reduce cost of care growth.
- An integral part of the DAP program includes HIE data access and connectivity.
- DAP includes various other requirements besides HIE:
  - UTI performance measures
  - Electronic visit verification
  - Quality reporting & awards
  - Pressure ulcers
  - Care coordination agreements with IHS/638 facilities
  - Partnerships with schools to deliver behavioral health
  - Autism centers of excellence
  - ePrescribing and more!
DAP Basics

- DAP policy is a means for AHCCCS to offer and pay incentives to its provider network based on meeting various requirements, as part of AHCCCS’ broader value-based payment strategy

- HIE requirements have been a key component of DAP policies since the program began in CYE 2017

- DAP is scheduled based on CYE schedule, based on contract year for AHCCCS and its MCOs – which is equivalent to federal fiscal year (FFY) schedule
  - CYE 2022 = October 1, 2021 to September 30, 2022
  - CYE 2023 = October 1, 2022 to September 30, 2023
DAP Basics

- Preliminary Notice posted to AHCCCS website January 28, 2022
- Revised Notice posted February 10, 2022
- Public comments accepted through February 28, 2022
- Final Public Notice to be published around March 18, 2022

Letter of Intent (LOI) Submission Process
LOI & SDOH Submission Process

1. Submission of a signed Letter of Intent (LOI) is required. In the LOI, providers agree to achieve HIE milestones by specified dates or maintain participation in the milestone(s) that they have previously achieved.

2. Submission of a signed Social Determinants of Health (SDOH) Registration Form and SDOH Spreadsheet is required to participate in this DAP initiative in alignment with the AHCCCS’ Whole Person Care Initiative.

3. The LOI submission process entails emailing the LOI letter(s) & SDOH Registration Form & Spreadsheet to DAP@healthcurrent.org

4. The LOI and SDOH forms and spreadsheet must be sent by April 1, 2022

5. LOI templates, SDOH Registration Forms & SDOH Spreadsheet are located at: Differential Adjusted Payment (DAP) Program - Health Current

Requirements for All Providers

Note: For any milestone that includes electronic submission of patient information, the information transferred to the qualifying HIE must be actual patient data; the transfer of test data does not fulfill these requirements. It must include all patient data, including behavioral health data and data covered by 42 C.F.R. Part 2.
Behavioral Health
Outpatient Clinics
Eligibility

Behavioral Health Outpatient Clinics, Provider Type 77, as licensed by the ADHS, are eligible for a 1% DAP increase under the following criteria:

Milestone #1

No later than April 1, 2022, the clinic must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to the HIE, in which it agrees to achieve the following milestones by the specified dates or maintain its participation in the milestone activities if they have already been achieved.

If it is the clinic’s first year in the DAP initiative, then it must meet the participation agreement requirement of this milestone no later than August 1, 2022.
Behavioral Health Outpatient Clinics

Milestone #2

- No later than April 1, 2022, the clinic must have actively accessed, and continue to access on an ongoing basis, patient health information via a qualifying HIE organization, utilizing one or more HIE services, such as the HIE Portal, ADT Alerts, Clinical Notifications, or an interface that delivers patient data into the clinic’s EHR.

- If it is the clinic’s first year in the DAP HIE initiative, then it must meet this milestone no later than January 1, 2023.
Behavioral Health Outpatient Clinics

Milestone #3

- No later than April 1, 2022, the clinic must electronically submit actual patient identifiable information to the production environment of the qualifying HIE organization, including both a registration event and an encounter summary, as well as data elements specific to individuals with a serious mental illness (SMI) designation, as defined by the qualifying HIE organization.

- For clinics that have not participated in DAP HIE requirements in CYE 2022, the deadline for this milestone will be November 1, 2022.

Milestone #4

- No later than May 1, 2022, clinics that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE organization on their behalf.
Milestone #5

- By the clinic’s go-live date for new data suppliers, or within 30 days of initiating the respective COVID-19 related services for current data suppliers, the clinic must complete the following COVID-19 related milestones, if they are applicable:

  1. Related to COVID-19 testing services, submit all COVID-19 lab test codes and the associated LOINC codes to the qualifying HIE organization to ensure proper processing of lab results within the HIE system.

  2. Related to COVID-19 antibody testing services, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE organization to ensure proper processing of lab results within the HIE system.

  3. Related to COVID-19 immunization services, submit all COVID-19 immunization codes and the associated CDC-recognized code sets to the qualifying HIE organization to ensure proper processing of immunizations within the HIE system.
Behavioral Health Outpatient Clinics

Milestone #6:
- No later than November 1, 2022, the clinic must approve and authorize a formal SOW to initiate and complete a data quality improvement effort, as defined by the qualifying HIE organization and in collaboration with a qualifying HIE organization.

Milestone #7:
- No later than January 1, 2023, the clinic must complete the initial data quality profile with a qualifying HIE organization, in alignment with the data quality improvement SOW as agreed to in Milestone #6.

Milestone #8:
- No later than May 1, 2023, the clinic must complete the final data quality profile with a qualifying HIE organization, in alignment with the data quality improvement SOW as agreed to in Milestone #6.
Nursing Facilities
Nursing Facilities

Eligibility

- Nursing Facilities, Provider Type 22, are eligible for DAP increases under the following criteria:

Milestone #1

- No later than April 1, 2022, the facility must have in place an active participation agreement with a qualifying HIE organization and submit a LOI to the HIE, in which it agrees to achieve the following milestones by the specified dates or maintain its participation in the milestone activities if they have already been achieved.
Nursing Facilities

Milestone #2

- No later than April 1, 2022, facilities that utilize external reference labs for any lab result processing must submit necessary provider authorization forms to the qualifying HIE, if required by the external reference lab, to have all outsourced lab test results flow to the qualifying HIE organization on their behalf.

Milestone #3

- No later than April 1, 2022, the facility must electronically submit the following actual patient identifiable information to the production environment of a qualifying HIE organization: admission, discharge and transfer information (generally known as ADT information) from within the nursing facility; continuity of care documents reflecting a summary of care within the nursing facility including (if applicable): laboratory and radiology information; medication information; immunization data; active problem lists (diagnosis); social history; treatments and procedures conducted during the stay; advance directives; active allergies; and basic patient demographic data including assigned provider, emergency contact and payer.
- For facilities that have not participated in DAP HIE requirements in CYE 2022, the deadline for this milestone will be November 1, 2022.
Milestone #4

By the facility’s go-live date for new data suppliers, or within 30 days of initiating the respective COVID-19 related services for current data suppliers, the facility must complete the following COVID-19 related milestones, if they are applicable:

1. Related to COVID-19 testing services, submit all COVID-19 lab test codes and the associated LOINC codes to the qualifying HIE organization to ensure proper processing of lab results within the HIE system.

2. Related to COVID-19 antibody testing services, submit all COVID-19 antibody test codes and the associated LOINC codes to the qualifying HIE organization to ensure proper processing of lab results within the HIE system.

3. Related to COVID-19 immunization services, submit all COVID-19 immunization codes and the associated CDC-recognized code sets to the qualifying HIE organization to ensure proper processing of immunizations within the HIE system.
Nursing Facilities

Milestone #5

- No later than April 1, 2023, the facility must have actively accessed, and continue to access on an ongoing basis, patient health information via a qualifying HIE organization, utilizing one or more HIE services, such as the HIE Portal, ADT Alerts, Clinical Notifications, or an interface that delivers patient data into the facility’s EHR.

The DAP percentage is awarded to the nursing facility. For example, if an ownership change occurs during CYE 2023, the DAP percentage shall be applied to the new Provider ID for that facility.
Social Determinants of Health
Closed-Loop Referral
SDOH Requirements

- Providers that meet the following milestones are eligible to participate in this DAP initiative and earn a DAP increase.
- In relation to this DAP initiative only, the qualifying HIE organization is designated as Contexture, the umbrella organization for Health Current, in alignment with AHCCCS’ Whole Person Care Initiative.
- To qualify by April 1, 2022, the provider must have submitted a registration form for participation in the Social Determinants of Health (SDOH) Closed-Loop Referral Platform operated by the qualifying HIE organization in which the parties agree to achieve the following milestones:
SDOH Requirements

Milestone #1

No later than April 1, 2022, submit a registration form for participation using the website-based registration form(s) on the website of the qualifying HIE organization.
Milestone #2

No later than April 1, 2022:

▪ For providers with an active Participation Agreement with a qualifying HIE organization, submit a signed Participant SDOH Addendum to participate in the SDOH Closed-Loop Referral Platform.

▪ For providers without an active Participation Agreement with a qualifying HIE organization, execute a Participation Agreement and a Participant SDOH Addendum to participate in the SDOH Closed-Loop Referral Platform.

▪ For providers that have not participated in DAP HIE requirements in CYE 2022, the deadline for this milestone will be November 1, 2022.
Milestone #3

- No later than September 30, 2022, or as soon as reasonably practicable thereafter as determined by the qualifying HIE organization, initiate use of the SDOH Closed-Loop Referral Platform operated by the qualifying HIE organization.

- After go-live, the clinic must regularly utilize SDOH Closed-Loop Referral Platform, which will be measured by facilitating at least 10 referrals on average per month from go-live date through the end of CYE 2023.

- All referrals entered into the system by the clinic will be counted towards volume requirements.
Data Quality Strategy & DAP
The primary objective of Contexture/Health Current’s Data Quality Strategy is to obtain and deliver high quality patient health information by partnering with and actively engaging its data sources to apply local and national standards to the content and ensure completeness and consistency of data exchanged.
What is a Data Quality Profile?

- A Contexture/Health Current Data Quality Profile is:
  - An assessment/analysis of the completeness, including standardization, of the data sent from the participant to the HIE
  - With a purpose of identify and closing/improving any gaps in the data being sent from the participant
  - Created based on the set of data elements that will be measured for the data quality phase and type of participant
  - Provided so that the participant knows how their current data submission compares to the data improvements being proposed, and can initiate work internally as a result, to close those gaps and ensure completeness of their data

- Note: HIE data quality improvements are measured as a comparison of a baseline period (typically July of current year) to a final period (typically March of the following year).
How are the HIE Data Quality Metrics Determined?

- Contexture/Health Current’s Advisory Councils identify areas where improving data quality will result in a significant return on investment for all HIE participants (ex. ADT completeness to support HIE Alerts)

- With feedback and input from community stakeholders, Contexture/Health Current develops recommended HIE data quality standards for each provider type, including the level of improvement, the specific data elements to be measured, the standards to be used, inclusions and exclusions, etc.

- Draft data quality standards may also be presented to the Contexture Board of Directors for additional feedback

- Contexture/Health Current facilitates feedback from impacted HIE participants through a comment period

- Final feedback is incorporated into final draft HIE data quality standards for each phase and provider type

- The updated HIE Data Quality Standards for each phase are submitted to AHCCCS for incorporation into DAP Preliminary Public Notice (with standard comment period)

**Proposed CYE 2021 Data Quality Standards**

The proposed level of improvement for the DAP HIE Data Quality Standards measurement period is:

- 1) Achievement of a 10% improvement for each measure category from the Final Data Quality Profile (based on March 2020 data) over the baseline measurements set in the initial Data Quality Profile.
- 2) Additional, the following criteria apply:
  - a. Qualified hospitals must achieve at least a lower threshold of 60% for each measure category.
  - b. Qualified hospitals that achieve a 10% upper threshold in any measure category are considered to have achieved the required level of improvement for that measure.

These measurements are calculated based on each hospital’s Health Current Initial Data Quality Profile (July 2019 data) and Health Current Final Data Quality Profile (March 2020 data) produced as part of the qualified hospital’s DAP CYE 2020 participation.

**Details available in DAP Preliminary Rule (Attachment A & B)**

**Example – Hospital A**

Hospital A receives Initial Data Quality Profile with the following measurements for ADT data submitted in July 2019:

- **Measure 1**: Data Source & Site
  - 100%
- **Measure 2**: Event Type
  - 90%
- **Measure 3**: Patient Class
  - 80%
- **Measure 4**: Patient Demographics
  - 70%
- **Measure 5**: Overall Completeness
  - 75%

Based on Hospital A’s initial measurements, the following table shows what measurements Hospital A must achieve on the Final Data Quality Profile that is based on March 2020 data:

Health Current Reports Data Quality Improvements to AHCCCS

Health Current provides an aggregate data quality report to AHCCCS for each of the DAP data quality measures and including all DAP participating providers.
Calculating the DAP Incentives

Health Current provides AHCCCS with reports that identify which DAP participating providers meet the DAP data quality incentives and which do not. This is the same information that Contexture/Health Current provides to the DAP participating providers via the data quality profiles.

Frequently Asked Questions
Arizona’s HIE: Roles & Responsibilities
Milestones, Deadlines, Roles & Responsibilities

- As noted in previous slides, milestones vary based on your provider type and are progressive over time.

- For each HIE milestone referenced in the CYE 2023 DAP Preliminary Public Notice, these slides provide a description of the respective roles and responsibilities for both Contexture/Health Current and the AHCCCS participating provider.

- Review the milestones that apply to your organization and the respective roles and responsibilities to determine what steps and activities must be completed to achieve the milestone.

- If you have any questions:

  - Contact your Contexture/Health Current account manager if you are an active HIE Participant.

  - Contact the Contexture/Health Current recruitment team at DAP@healthcurrent.org if you are not yet an HIE Participant.
Milestone: Execute a Participation Agreement

- **Participant**
  - Initiate contact with Contexture/Health Current as soon as possible
  - Review participation agreement
  - Authorized representative to execute agreement
  - Return agreement to Contexture/Health Current by March 28, 2022, to ensure full execution by April 1, 2022, deadline

- **Contexture/Health Current**
  - Create organization-specific participation agreement
  - Fully execute agreement after received by participant
  - Introduce participant to assigned Contexture/Health Current account manager for service implementation

- NOTE: Contexture/Health Current rarely agrees to changes to its participation agreement, due to the fact the agreement has interconnecting requirements among all HIE Participants and over 1,000 Arizona healthcare organizations have signed the agreement.
Milestone: Approve & Authorize Data Exchange SOW*

*Applies to Behavioral Health Outpatient Clinics only

- **Participant**
  - Inform your Contexture/Health Current account manager you intend to meet DAP requirements
  - Collaborate with Contexture/Health Current on drafting of a scope of work (SOW)
  - Agree to project details, including timelines, vendor commitments and resource assignments
  - Sign off on the SOW prior to the deadline of November 1, 2022

- **Contexture/Health Current**
  - Account manager will develop SOW in collaboration with participant
  - SOW will be based on standard template created by Contexture/Health Current and will include, but is not limited to, timelines, vendor commitments and resource assignments
Milestone: Electronically Submit Data

- **Participant**
  - Along with any vendor partners, complete activities related to interface development and ADT data submission
