

## 2019 EPCS Click for Control Campaign Webinar Series

Governor Ducey signed HB 2075 on February 14, 2019, which amends the Arizona Opioid Epidemic Act and requires all Arizona providers to electronically prescribe any Schedule II controlled substance that is an opioid by January 1, 2020.

To increase EPCS in Arizona and prepare Arizona prescribers for the new state requirements, Health Current has launched the 2019 EPCS Click for Control Campaign. The 2019 EPCS Click for Control campaign presents a series of webinars to educate and help Arizona prescribers and practices navigate the adoption of EPCS, increase Arizona's national EPCS ranking and contribute to the reduction of opioid abuse disorder.
