

Click for Control Campaign: Webinars

The electronic prescribing of controlled substances (EPCS) is now required in Arizona for any prescription of a Schedule II controlled substance that is an opioid. To increase EPCS in Arizona and prepare Arizona prescribers for the new state requirements, mandated by the Arizona Opioid Epidemic Act, Health Current has launched the 2019 EPCS Click for Control Campaign.

Arizona Opioid E-Prescribing Requirement

[HB 2075](#) signed by Governor Ducey on February 14, 2019, amends the Arizona Opioid Epidemic Act and requires all Arizona providers to electronically prescribe any Schedule II controlled substance that is an opioid by January 1, 2020.

2019 EPCS Click for Control Campaign Webinar Series

The 2019 EPCS Click for Control campaign presents a series of webinars to educate and help Arizona prescribers and practices navigate the adoption of EPCS, increase Arizona's national EPCS ranking and contribute to the reduction of opioid abuse disorder.

Practice and Prescriber Readiness Webinar | October 2 from 12:00pm – 1:00pm

The Practice and Prescriber Readiness webinar describes what you need to know to prepare practices and prescribers to meet the January 1, 2020 Arizona EPCS mandates.

Attend this webinar to learn:

- What to ask and what you need from your EHR or eRx vendor
- Identity Proofing and Two-Factor Authentication Requirements
- Key considerations for software Access Controls and Workflow Adjustments
- EPCS Regulations and Mandates
- Arizona and National EPCS Statistics – How are we doing?
- Where to get EPCS Help and Support

“The 2019 Click for Control Campaign is a shared commitment between Health Current, Arizona Health Care Cost Containment System (AHCCCS), Arizona Department of

Health Services (ADHS) and the Arizona Board of Pharmacy to manage and coordinate the statewide 2019 EPCS *Click for Control* Education Campaign.”
