Request For Information on the AHCCCS Differential Adjusted Payment (DAP) Program Due Friday, Dec. 3

Arizona Health Care Cost Containment System (AHCCCS) is seeking input to help shape the future of the DAP program in Arizona. If you are interested in sharing your perspective on DAP qualifying providers, qualifying criteria and data sources, AHCCCS requests a formal written response. [Visit the AHCCCS website to learn more about the DAP Request for Information \(RFI\) process](#) and specific instructions for submitting recommendations. Electronic submissions are due to

PROCUREMENT@azahcccs.gov by Friday, Dec. 3, 2021 at 3 p.m. MST, and should reference "RFI #YH21-0069 Differential Adjusted Payment Strategies" along with your company name in the subject line of the email.

Your Opinion Matters: Take the 2021 HIE Participant Satisfaction Survey Today

In partnership with the National Business Research Institute, Health Current has launched the 2021 Arizona Health Information Exchange (HIE) Participant Survey. The goal of the survey is to measure levels of satisfaction with HIE products and services among Health Current participants.

Check your inbox for a personalized email and link to complete the online survey. You are also welcome to [click here to complete the survey via the “global link”](#) as well.

We value your feedback. Thanks for taking the time to provide your input, and for your ongoing support of the Arizona HIE community.

Introducing the Arizona Healthcare Directives Registry Presentation Events

Health Current is proud to host a set of community education presentations created to showcase the new Arizona Healthcare Directives Registry (AzHDR) for housing Arizonans’ advance directive documents.

Health Current is the new home for the AzHDR after 2019 legislation granted the transition of the registry from the Secretary of State’s office to Arizona’s HIE to improve healthcare provider access to advance directives.

You’re invited to attend one of our virtual AzHDR presentations, **“Let’s Be Direct: Exploring the New AzHDR”** to learn more about the registry. Presentations will be held weekly through February 2022.

To view the event schedule and register for a session, click [here](#).

Each event features:

- An overview of the AzHDR.
- A glimpse into how the AzHDR works.
- Q&A forum.

The AzHDR is designed to help honor patients’ end-of-life healthcare wishes by providing seamless access to advance directives across the continuum of care. The new

secure online AZHDR provides a safe place to store advance directives and offers easy access to participating healthcare providers – ensuring wishes registered are wishes honored.
