We will be using **Poll Everywhere** throughout the presentation for attendees to participate in live polling and see the results.

Please follow the instructions below so you can participate in the live polls by activating your mobile device or computer.

**How to join**

**Web**
1. Go to [PollEv.com](http://PollEv.com)
2. Enter EOPROGRAM753
3. Respond to activity

**Text**
1. Text EOPROGRAM753 to 22333
2. Text in your message
What is your favorite kind of ice cream?

Focus: Patient Electronic Access
August 2020
Patient Electronic Access

• Before attesting, make sure you:
  o Understand the Patient Electronic Access objective requirements for the Medicaid Promoting Interoperability (PI) program.
  o Understand the differences in objective 5 Patient Electronic Access between Program Year (PY) 2019 and 2020.
  o Know the Arizona’s Patient Electronic Access documentation requirements.
Objective 5: Patient Electronic Access (PEA)

- **Objective:** The eligible professional (EP) provides patients (or patient-authorized representative) with timely electronic access to their health information and patient-specific education.
- This objective has two measures.
- An EP must satisfy both measures for this objective through a combination of meeting the thresholds and exclusions for each measure.
Objective 5, Measure 1

• **Measure 1**: For more than 80% of all unique patients seen by the EP:
  o The patient (or the patient-authorized representative) is provided timely access to view online, download and transmit his or her health information; and
  o The provider ensures the patient’s health information is available for the patient (or patient-authorized representative) to access using any application of their choice that is configured to meet the technical specifications of the Application Programming Interface (API) in the provider’s certified electronic health record technology (CEHRT).
Objective 5, Measure 2

• **Measure 2**: The EP must use clinically relevant information from CEHRT to identify patient-specific educational resources and provide electronic access to those materials to more than 35 percent of unique patients seen by the EP during the PI (EHR) reporting period.
Polling Questions
1. Is the API function in your CEHRT enabled?

- Yes
- No
- Unsure
- N/A
2. Does the practice have an application that interfaces with their CEHRT via API?

- Yes
- No
- Unsure
- N/A
3. Does the practice provide information to patients regarding available applications that leverage the API?

<p>| | |</p>

</tbody>
</table>
6) Do you plan to attest for Program Year 2020?

- Yes
- No
- Unsure
- N/A
7) What is your biggest concern attesting to Program Year 2020?
8) What PI Program topics would you like to see more of?
9) Would you like to be contacted for further assistance?

- Yes
- No
- N/A
